

# BBQ

## GREASE & GRIME REMOVAL

Great Aussie BBQ wipes are a convenient safe way to clean BBQ surfaces, with extra tough textured wipes that remove grease, fat, oil and food residues without any concerns of plastic migration into cooked foods. Suitable for use on grills, hot plates, hood surfaces and knobs, our wipes ensure ZERO plastic particles are transferred to cleaned surfaces and into the environment. Made from super tough plant-based fibres. Used wipes can be placed into green bins or general waste, keeping your BBQ food-safe, clean and ready for the next cook-up. For stubborn residues, warm surfaces first, await to cool, then wipe over.

- ✓ Food Safe on grills, hot plates & hoods
- ✓ No toxic plastic migration into foods
- ✓ Citrus freshening smell
