## ingredients

Active Ingredients: benzalkonium chloride 0.4% w/w; edetate sodium 0.2% w/w.

## description

Ready to use hospital grade wipe for disinfecting a variety of surfaces and common touch point areas. Impregnated with a solution formulated to provide broad antimicrobial effectiveness against a range of bacteria including: S.aureus; E.Coli; P.aeruginosa; E.hirae. Also proven efficacy against Covid-19 Virus. Covid Clean wipes provide strong disinfectant action with no residual odours on surfaces. Suitable for regular use over surfaces exposed to germs and risk of spread. Not to be used on skin.

## directions

Pull wipe from pack and reseal to retain moisture. Wipe surfaces thoroughly and discard wipe in compost or green waste bin. Do not flush.
